

Tax Contribution Report

For the year ended 30 June 2021

Message from the Acting Chief Financial Officer

Dear Readers,

I am pleased to present the Beach Energy Tax Contribution Report for the financial year ended 30 June 2021.

This report follows the recommendations outlined in the Board of Taxation's Tax Transparency Code and demonstrates Beach's support of the public interest in the integrity of tax systems, and enhanced disclosure of taxes paid.

For the financial year ended 30 June 2021, Beach reported tax, royalties and other payments to governments of \$471.5 million and an effective income tax rate of 27.4%.

This significant contribution of tax and royalty revenue gives governments the opportunity to provide essential services and invest in their communities for the future.

We look forward to continuing to make a positive contribution.

Anne-Marie Barbaro
Acting Chief Financial Officer
June 2022

Beach Energy Ltd

Beach Energy Ltd is an ASX listed, oil and gas, exploration and production company headquartered in Adelaide, South Australia.

Beach's purpose is to sustainably deliver energy for communities and in doing so is focused on maintaining the highest health, safety and environmental standards. Beach is committed to reducing emissions from its operations and has an aspiration to reach net zero emissions by 2050.

Founded in 1961, Beach has oil and gas production in five basins across Australia and New Zealand and is a key supplier of gas into the Australian east coast gas market.

Beach's asset portfolio includes ownership interests in strategic oil and gas infrastructure, operating gas plants in Victoria, South Australia, Western Australia and New Zealand. Beach also has joint venture interests in the Waitsia Stage 2 Gas Project in the Perth Basin, as well as in the Cooper Basin.

Beach has established a significant operated oil business on the Western Flank of the Cooper Basin. In addition to its producing assets, Beach has exploration permits in the onshore Cooper and Perth basins, and onshore and offshore Otway Basin.

Beach continues to pursue growth opportunities within Australia and New Zealand which align with its strategy, satisfy strict capital allocation criteria, and demonstrate clear potential for shareholder value creation.

Beach is also committed to engaging positively with the local communities in which it operates, providing local employment, as well as partnerships with a range of clubs and organisations. Beach is committed to sustainability and improvement of social, environmental and economic outcomes for the benefit of all stakeholders.

Financial reports are available on the company's website: www.beachenergy.com.au

Beach's Tax Contribution Report is presented in Australian dollars.

Tax policy, tax strategy and governance

Beach Energy, together with its 100% controlled Australian subsidiaries, has formed a tax consolidated group for Australian income tax purposes, with Beach Energy Limited as the head company.

The Beach Energy group:

- Recognises its responsibility to pay tax to all revenue authorities globally according to the tax rules and legislation of the jurisdictions in which it operates;
- Manages tax risk in the same manner as any other operational risk;
- Employs staff with appropriate qualifications and experience to manage its tax obligations;
- Engages with revenue authorities, including the Australian Taxation Office and New Zealand Inland Revenue, in a transparent and cooperative manner; and
- Takes a conservative approach to tax planning and ensures that transactions are managed with a low level of tax risk.

Income taxes

The income tax expense (ITE) disclosed in the Beach Energy Ltd Annual Report is calculated based on Australian Accounting Standards.

In any income year it is expected that there will be differences between ITE calculated in the Annual Report, and the total cash taxes paid to a relevant taxation authority during that same income year.

A number of factors contribute to this difference, including the timing of corporate tax instalments made to relevant tax authorities, and a number of taxes excluded from ITE such as government royalties, fringe benefits tax, payroll taxes and employee related taxes.

Beach also paid \$4.4 million in 'production payment' royalties to native title holders on its operated oil production in Australia.

International related party dealings

Beach predominantly carries on business in Australia with funding sourced from unrelated independent financial institutions. Our international related party dealings are predominantly limited to dealings with our subsidiaries in New Zealand through the provision of technical services and inter-company loans to fund business activities. We strictly adhere to global transfer pricing legislation in the jurisdictions in which we operate.

We disclose our transactions through the lodgement of our tax returns and other disclosures to revenue authorities. We also comply with the Organisation for Economic Co-operation and Development (OECD) country-by-country reporting requirements, which have been recently implemented in each of the countries in which we operate. This information provides tax authorities with details of how we operate our business and conduct our tax affairs around the world.
